

**Sec. 4-478. - Pools not maintained.**

- (a) The owner of a private or semi-public pool that is not being maintained as a swimming pool in accordance with this article shall drain all water from the pool and either:
  - (1) Fill the pool with dirt or sand that is not capable of holding water; or
  - (2) Cover the pool with a material of sufficient strength, durability, and water tightness to prevent the entrance of water or children.
- (b) A pool that remains drained of water for 60 days is presumed to be no longer maintained.
