

TABLE OF CONTENTS

TITLE	PAGE
Section 1.	Texas Department of Transportation
Standard Driveway Connection to TxDOT Highways (<i>Asphalt Pavement Only</i>)	1.1
Standard Driveway Connection to TxDOT Highways(<i>Concrete Pavement w/curb & gutter</i>)	1.2
Section 2.	Paving Details
Transverse Expansion Joint.....	2.1
Construction Joint	2.2
Sawed Transverse and Longitudinal Dummy Joint.....	2.3
Transverse Contraction Joint	2.4
Keyway Detail	2.5
Concrete Header.....	2.6
Pavement Terminus Detail.....	2.7
Plan of Pavement Joints	2.8
6" Integral Curb	2.9
6" Integral Surmountable Curb	2.10
Concrete Curb and Gutter with Concrete Pavement.....	2.11
Concrete Curb and Gutter with Asphalt Pavement (<i>Section</i>).....	2.12
Concrete Curb and Gutter with Asphalt Pavement (<i>Plan View</i>).....	2.12b
Concrete Curb and Gutter with Construction Joint	2.13
Cul-De-Sac Joint Layout	2.14
Street Intersection Layout	2.15
Left and Right Turn Lane	2.16
Left and/or Right Turn Lane Widening.....	2.17
Stamped & Pattern Concrete	2.18
Asphalt Pavement Replacement.....	2.19
Concrete Pavement Replacement.....	2.20
Section 3.	Alley and Driveway Access Details
Typical Alley Turnout.....	3.1
Driveway Connection to Alley.....	3.2
Driveway Paving Detail "Concrete Drive w/Asphalt Pavement".....	3.3
Driveway Paving Detail "Concrete Drive w/Concrete Pavement".....	3.4
Driveway Paving Detail "Concrete Drive w/Surmountable Curb".....	3.5
45 ⁰ Residential Alley Intersection Detail.....	3.6
90 ⁰ Residential Alley Intersection Detail.....	3.7
Alley "T" Intersection.....	3.8

Section 3. (con't)**Alley and Driveway Access Details**

Residential Alley Adj. to Thoroughfare.....	3.9
Standard Residential Alley.....	3.10
Driveway Layout(<i>Truck Entrance</i>).....	3.11

Section 4.**Sidewalk Details**

Standard Sidewalk Details Typical.....	4.1
Lead Walk (<i>Residential Areas Only</i>).....	4.2
Section Through Sidewalk.....	4.3
Section Through Drive Approach.....	4.4
Retaining Wall With Integral Sidewalk (<i>Section</i>).....	4.5
Retaining Wall With Integral Sidewalk (<i>Plan View</i>).....	4.5b
Sidewalk Adjacent to Inlet or Curb.....	4.6
Concrete Walk Over Flume.....	4.7
Barrier Free Curb Ramp (<i>Diagonal</i>).....	4.8a
Barrier Free Curb Ramp (<i>Directional</i>).....	4.8b
Barrier Free Curb Ramp (<i>Directional</i>).....	4.8c
Barrier Free Curb Ramp (<i>Directional</i>).....	4.8d
Barrier Free Curb Ramp (<i>Diagonal</i>).....	4.8e
Barrier Free Curb Ramp Ramp Section.....	4.9
General Notes & Detectable Warnings-Modified TxDOT Standard Ped05.....	4.10
Curb Ramp-Modified TxDOT Standard Ped05.....	4.11
ADA Ramps (<i>Replaceable Wet-Set Truncated Dome Detectable Warning</i>).....	4.12
ADA Ramps (<i>Cast In Place Truncated Dome Detectable Warning Systems</i>).....	4.13
ADA Ramps (<i>Surface-Mount / Retrofit Detectable Warning Tiles</i>).....	4.14

Section 5.**Traffic Control Plans and Traffic Control Devices**

Median Opening and Left Turn Layout (<i>4-Lane Divided 100' ROW</i>).....	5.1
Median Opening and Left Turn Layout (<i>6-Lane Divided 120' ROW</i>).....	5.2
Installation Pattern for Raised Pavement Markers-Left and Right Turn lane.....	5.3
Installation Pattern for Right and Left Turn lane using Thermoplastic.....	5.4
Installation Pattern for Raised Pavement Markers-Multi lane or Two lane undivided.....	5.5
Installation Pattern for Using Thermoplastic Markings on New Concrete or Asphalt Streets.....	5.6
Use of the Turn Arrow and the Word "ONLY" for Left-Turn Lanes.....	5.7
Use of the Turn Arrow and the Word "ONLY" for Right-Turn Lanes.....	5.8
Typical Loop Detail.....	5.9
High & Low Speed Detection Plan.....	5.10

Section 5. (con't)**Traffic Control Plans and Traffic Control Devices**

Conduit and Cable Chart	5.11
Conduit and Ground Box Summary	5.12
Traffic Light Heads (<i>Signal Head and Pole Placement Chart</i>)	5.13
Traffic Signal Pole Assembly and Legend	5.14
Design Controls and Criteria (<i>WB-40 Design Vehicle</i>)	5.15
Design Controls and Criteria (<i>WB-50 Design Vehicle</i>)	5.15b
Design Controls and Criteria (<i>SU Design Vehicle</i>)	5.15c

Section 6.**Screening Wall Details**

Standard Thin Wall (<i>Elevation</i>)	6.1
Standard Thin Wall (<i>Plan</i>)	6.1b
Standard Thin Wall (<i>Cross Drainage</i>)	6.2
Thin Wall Pier Detail (<i>w/ Pier Section</i>)	6.3
Thin Wall Detail (<i>w/Mow Strip</i>)	6.4

Section 7.**Sanitary Sewer Details**

Flat Top Precast Manhole	7.1
Vented Flat Top Precast Manhole	7.1a
Concentric Precast Manhole	7.2
Concentric Cast in Place Manhole	7.3
Eccentric Precast Manhole	7.4
Eccentric Cast in Place Manhole	7.5
Drop Connection Manhole	7.6
Transition for 5' & 6' Manhole Details	7.7
Reside Manhole Abandonment Detail	7.8
Standard C.I. Manhole Frame and Cover	7.9
Bolt Down Manhole and Cover	7.9a
Residential Cleanout and Service	7.10
Typical Pipe Installation Detail (<i>Water, Sewer, Storm</i>)	7.10
Main Line Cleanout End of Sewer Line	7.11
Typical Pipe Installation Detail (<i>Water, Sewer, Storm</i>)	7.12
Detail of Concrete Collar	7.13
Encasement Pipe Requirements	7.13
Inspection Port Two Way Cleanout	7.14
Encasement Pipe Requirements	7.15
Aerial Crossing	7.16

Section 7.(con't)

Sanitary Sewer Details

Aerial Crossing7.16a

Section 8.

Waterline Details

Fire Hydrant Installation.....8.1
 Typical Water Service Connection8.2
 Typical Blow-Off Valve Installation8.3
 Modified Blow-Off Valve Installation8.4
 Typical Air Valve Installation(16" dia. Or Larger)8.5
 Modified Air Valve Installation.....8.6
 Detail for Water Main Lowering8.7
 Butterfly Valve Detail "Plan View"8.8
 Butterfly Valve Details "Elevation View & Valve Vault Cover".....8.8b
 Direct Bury Butterfly Valve Detail.....8.8c
 Modified Butterfly Valve Detail.....8.9
 Valve Blocking & Adjustable Valve Box Detail.....8.10
 Typical Gate Valve Installation8.10a
 Double Check Detector Check and Vault Detail.....8.11
 Tee Flanged Ends & Cross Flanged Ends w/ Flanged Valves.....8.12
 Vertical Thrust Blocking.....8.13
 Horizontal Thrust Blocking.....8.14
 City of Lewisville Specification for Water Meters8.15
 Water Meter Vault Assembly (3" & 4" Metron Water Meter)8.16a
 Water Meter Vault Assembly (6" & 8" Metron Water Meter)8.16b
 Water Meter Vault Assembly (12" Ultra Sonic Meter Assembly).....8.16c
 Meter Face Detail8.17
 City of Lewisville Specification for Water Meter Boxes8.18
 Meter Box & Meter Detail.....8.19
 Residential Meter Box Cover8.20

(Misc. Meter Box Sheets)

Section 9.

Drainage Details

Curb Inlet.....9.1
 Curb Inlet (Section B-B) Typical for all Inlets9.2
 Recessed Inlet.....9.3
 Recessed Inlet (Section D-D)9.4
 Standard C.I. Inlet and Manhole Frame and Cover.....9.5

Section 9. (con,t)**Drainage Details**

Notes Applicable to All Inlets	9.6
Type "Y" Inlet	9.7
Two Grate Combination Inlet	9.8
Three Grate Combination Inlet	9.9
Four Grate Combination Inlet	9.10
Section A-A and Steel Bars Call-Outs Combination Inlet	9.11
Section B-B and Section C-C Combination Inlet	9.12
Combination Inlet - Alley Paving Blockout Detail	9.13
Storm Drain Manhole Detail	9.14
Manhole with Cast-In-Place Riser (<i>General Notes</i>)	9.15
Concrete Headwalls for Pipe Culverts (<i>12-72" diameter</i>)	9.16
Type "C" Headwall	9.17
Sloped Reinforced Concrete Pipe End Treatment	9.18
Flume Detail	9.19
Composite Earthen and Concrete Lined Channel	9.20
Concrete Lined Channel Detail	9.21

Section 10.**Castle Hills Master Meter Details**

12 Inch Meter Vault Specification Cover	10.1
12 Inch Meter Vault Assembly (<i>Side View</i>)	10.1a
12 Inch Meter Vault Assembly (<i>Top View</i>)	10.1b
12 Inch Meter Vault Assembly (<i>End View</i>)	10.1c
12 Inch Meter Vault Assembly (<i>Parts</i>)	10.1d
12 Inch Meter Vault Assembly (<i>Parts con't</i>)	10.1e
12 Inch Meter Vault Assembly (<i>Parts con't</i>)	10.1f
16 Inch Meter Vault Specification Cover	10.2
16 Inch Meter Vault Assembly (<i>Side View</i>)	10.2a
16 Inch Meter Vault Assembly (<i>Top View</i>)	10.2b
16 Inch Meter Vault Assembly (<i>End View</i>)	10.2c
16 Inch Meter Vault Assembly (<i>Parts</i>)	10.2d
16 Inch Meter Vault Assembly (<i>Parts con't</i>)	10.2e
16 Inch Meter Vault Assembly (<i>Parts con't</i>)	10.2f
20 Inch Meter Vault Specification Cover	10.3
20 Inch Meter Vault Assembly (<i>Side View</i>)	10.3a
20 Inch Meter Vault Assembly (<i>Top View</i>)	10.3b
20 Inch Meter Vault Assembly (<i>End View</i>)	10.3c
20 Inch Meter Vault Assembly (<i>Parts</i>)	10.3d
20 Inch Meter Vault Assembly (<i>Parts con't</i>)	10.3e

Section 10. (con't)

Castle Hills Master Meter Details

20 Inch Meter Vault Assembly (<i>Parts con't</i>).....	10.3f
Electrical Services Cover.....	10.4
TxDot Electrical Service Detail	10.4a
Tesco Controls Service Pedestal <i>Model 26-000</i>	10.4b
Tesco Controls Service Pedestal <i>Model 26-000 (con't)</i>	10.4c
Tesco Controls Service Pedestal <i>Model 26-000 (con't)</i>	10.4d
Meter Electronic Enclosures Communication.....	10.5
Proline Ultrasonic Flow Mesuring System w/ Transit Time Meter and Reorder	10.5a
Proline Ultrasonic Flow Mesuring System w/ Transit Time Meter and Reorder (<i>con't</i>).....	10.5b
Proline Ultrasonic Flow Mesuring System w/ Transit Time Meter and Reorder (<i>con't</i>).....	10.5c
Quazite Signal Base	10.5d
Naztec Control Base.....	10.5e
Dismantling Joints, Gate Valve, Check Valve Cover	10.6
Dismantling Joints	10.6a
Dismantling Joints (<i>specification</i>)	10.6b
Mueller Resilient Wedge Gate Valve Cover	10.6c
Mueller Resilient Wedge Gate Valve (<i>overview</i>)	10.6d
Mueller Resilient Wedge Gate Valve (<i>overview</i>)	10.6e
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6f
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6g
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6h
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6i
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6j
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6k
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6l
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6m
Mueller Resilient Wedge Gate Valve (<i>specification</i>)	10.6n
Aluminum Floor Access Doors, Sump Pumps, Pipe Supports & Link Seal Cover	10.7
USF Fabrication Access Doors (<i>Cover</i>)	10.7a
USF Fabrication Access Doors (<i>specifications & details</i>).....	10.7b
USF Fabrication Access Doors (<i>specifications & details con't</i>)	10.7c
USF Fabrication Access Doors (<i>specifications & details con't</i>)	10.7d
Grainger Sump Pump (<i>3/4 HP</i>)	10.7e
Grainger Sump Pump (<i>3/4 HP con't</i>).....	10.7f
Standon Adjustable Pipe Supports.....	10.7g
Standon Flange Cradle Supports (<i>Model S96 overview</i>)	10.7h
Standon Flange Cradle Supports (<i>Model S96 specification</i>)	10.7i
Standon Adjustable Pipe Saddle Supports (<i>overview</i>)	10.7j
Standon Adjustable Pipe Saddle Supports (<i>dimensions</i>)	10.7k
Link Seal Cover	10.7l
Link Seal Modular Seal (<i>installation techniques</i>)	10.7m
Link Seal Modular Seal (<i>installation techniques con't</i>).....	10.7n

Section 10. (con't)

Castle Hills Master Meter Details

Link Seal Modular Seal (*installation techniques con't*)..... 10.7o
 Link Seal Modular Seal (*specification*)..... 10.7p
 Cell Cell Cast Disk (*specification*)..... 10.7q
 Castle Hills Master Meter Vault (*General Requirements*)..... 10.8
 Circular Chart Recorder (*Specification Sheet*)..... 10.9
 Circular Chart Recorder (*Specification Sheet con't*)..... 10.9a
 Circular Chart Recorder (*Specification Sheet con't*)..... 10.9b
 Grainger Pressure Transmitter (*2HLT1*)..... 10.10

Section 11.

City of Lewisville General Notes

General Notes
