TRANSPORTATION BOARD**

January 3, 2017

Item No. 1 Call to Order and Announce a Quorum is Present

Chairman James Davis called the Lewisville Transportation Board meeting to order at 6:40 p.m. and announced that a quorum was present with the following members in attendance:

Mary Ellen Miksa	_____	_____
William Meridith	_____	_____
John Lyng	_____	_____
Kristin Green	_____	_____
James Davis	_____	_____

Members absent: Alvin Turner, Stephen Byars

Staff Present: Sagar Medisetty, Kevin Nims, David Salmon, Daphne Adair

Item No. 2 Minutes

A motion was made by Mary Ellen Miksa and seconded by William Meridith to approve the minutes of the September 20, 2016 meeting as submitted. All members present voted aye.

Item No. 3 Visitors/Citizens Forum

At this time, Chairman James Davis invited any visitors/citizens who wanted to speak to the Board to come forward, stating that no formal action could be taken because this item was not on the agenda.

No visitors were present.

Item No. 4 Consideration of Establishing a School Speed Zone on Fox Avenue from 400 feet west of Edmonds Lane to Purnell Street and Make a Recommendation to the City Council Regarding the Amendment.

Kevin Nims presented this item to the Board. Mr. Nims explained that residents in this area had presented concern for the student pedestrian traffic in the area and staff reviewed their concerns. Staff's survey of the location revealed the intersection of Fox Avenue and Creekside Drive is crossed by a significant number of students and since the middle school campus on Purnell Street has been converted to an LISD administrative campus, the two existing school zones on Fox Avenue for Central Elementary and Lakeland Elementary can have the same operational times and need no longer be separated. A combined school zone on Fox Avenue for the two elementary schools would enhance the safety of the students that walk along and cross Fox Avenue within this area.

A motion was made by Kristin Green and seconded by John Lyng to approve Consideration of Establishing a School Speed Zone on Fox Avenue from 400 feet west of Edmonds Lane to Purnell Street and Make a Recommendation to the City Council Regarding the Amendment.

The vote was all ayes and no nays. The motion passed (5-0).

Item No. 5 Consideration of Removing the No Parking Restriction on the East Side of Deer Run between Antler Trail South and Wallington Way and Make a Recommendation to the City Council in Regard to the Amendment.

Sagar Medisetty presented this item to the board, stating the current City Ordinance prohibits parking on Deer Run between Antler Trail South and FM 3040. Medisetty explained that it had recently come to staff's attention that some of the "No Parking" signs on Deer Run had gone missing. Before replacing the missing signs, staff wanted to provide the affected residents of single-family houses on the east side of Deer Run between Antler Trail South and FM 3040 an opportunity to comment on the 'No Parking' restriction in front of their houses. Staff made contact and spoke with the residents on Deer Run. The residents on the east side of Deer Run between Antler Trail South and Wallington Way responded that they did want to be able to park in front of their houses (as well as their guests). No feedback was heard from the single-family house residents on Deer Run south of Wallington Way. Staff recommended allowing parking on the east side of Deer Run between Antler Trial South and Wallington Way and making a recommendation to the City Council regarding the amendment.

Kristen Green asked about the speed limit in the area. Sagar Medisetty answered that the speed limit on this street is 25 mph.

Kristen Green asked if the street was wide enough for parking and Sagar Medisetty explained that parking would only be allowed on one side of the street and there would be enough room for traffic with vehicles parked on one side of the road.

A motion was made by William Meridith and seconded by Kristin Green to approve Consideration of Removing the No Parking Restriction on the East Side of Deer Run between Antler Trail South and Wallington Way and Make a Recommendation to the City Council in Regard to the Amendment.

Mary Ellen Miksa voted no and stated many residents complain about street parking. She added, if there was already no parking there, why add this.

The vote was 4 ayes and 1 nay. The motion passed (4-1).

The meeting adjourned at 6:49 p.m.

The next regularly scheduled meeting is Tuesday, February 02nd, 2017.

Respectfully submitted,

David Salmon P.E.
City Engineer

Item No. 2 – Minutes

A copy of the minutes of the January 03, 2017 meeting is attached. If there are any questions or corrections, please contact Sagar Medisetty at 972-219-5027.

Item No. 3 – Visitors/Citizens Forum

At this time, any person with business before the Board not scheduled on the Agenda may speak to the Board. No formal action can be taken on these items at this meeting.

Item No. 4 – Consideration of Establishing New Times of Operation for the School Speed Zones within the City of Lewisville

- Action Possible Action Informational Item

Presenter: Sagar Medisetty

Background:

The City provides for school speed zones on streets serving the Lewisville Independent School District school campuses throughout the City. These school zones are established and enforced per the ordinance. The ordinance defines both the hours the school speed zones are to be active and the reduced speed limit in force during those times. Recently, the LISD Board has taken action to revise the hours the schools will be in session during the regular school year to better handle transportation needs due to an increased student enrollment for the 2017-18 school year. This will require that the ordinance supporting the associated school speed zones be amended to reflect these new hours.

Analysis:

The regular sessions for the LISD schools will affect all campuses to varying degrees. The elementary school hours will change by five (5) minutes in the afternoon; the middle school hours will change by fifteen (15) minutes; and the high school hours will change by ten (10) minutes. The regular session hours for the just concluded 2016-2017 school year and the new regular session hours proposed for the 2017-2018 school year are listed below.

The Regular Session Hours:

	<u>Previous year (2016-2017)</u>	<u>Upcoming year (2017-2018)</u>
Elementary Schools	7:45 a.m. to 3:00 p.m.	7:50 a.m. to 2:55 p.m.
Middle Schools	8:45 a.m. to 4:00 p.m.	9:00 a.m. to 4:15 p.m.
High Schools	8:10 a.m. to 3:25 p.m.	8:20 a.m. to 3:25 p.m.

School Speed Zone Timings:

Typically, for each of the three types of schools, in the mornings, the school speed zone will begin 45 minutes before the school start bell time and end 15 minutes after the start bell time. In the afternoons, the school speed zone will begin 15 minutes before the school dismissal bell time and end 45 minutes after the school dismissal bell time.

The new school speed zone times of operation on each of the streets is shown in the Table in Appendix A.

Cases where Elementary School and Middle School are located in close proximity:

In those cases where an Elementary School and Middle School are located next to each other, there is a single school speed zone serving both the Schools for a longer duration to cover both Schools. In the morning, the school speed zone begins 45 minutes before the elementary school start bell time and ends 15 minutes after the middle school start bell time. In the afternoon, the school speed zone begins 15 minutes before the elementary school dismissal time and ends 15 minutes after the middle school dismissal time.

For example, for Hedrick Elementary School and Hedrick Middle School located next to each other on Bellaire Blvd, the school speed zone times are as follows:

Morning Regular Session: 7:00 am - 9:15 am;

Afternoon Regular Session: 2:40 pm - 5:00 pm;

Shared School Zones with Town of Flower Mound:

Vickery Elementary School is located within the Town of Flower Mound near the border with the City of Lewisville. As such, it shares the student attendance zone with both cities. It also shares adjacent school speed zones within both cities on Garden Ridge Boulevard and on Bellaire Boulevard. It would be best to have the same times for school speed zones on Bellaire Blvd. and Garden Ridge Blvd. for the Vickery Elementary School. For this reason, the City of Lewisville proposes to match the school speed zone timings adopted by the City of Flower Mound which are as follows:

Morning Regular Session: 7:15 am - 8:00 am;

Afternoon Regular Session: 2:30 pm - 3:30 pm;

For the Lewisville High School Harmon campus on FM 3040 near Old Orchard Lane, the City of Flower Mound has agreed to match the school speed zone timings adopted by the City of Lewisville.

Changes to the List of Roadway Entries:

The following two (2) roadway entries need to be deleted from the ordinance table for the school speed zone as they do not pertain to any presently signed or enforced school speed zones.

Palisades Drive From Valley Parkway to 200 feet east of Valley Parkway

Woodrow Drive From 150 feet west of Valley Parkway to Valley Parkway

The above two streets are highlighted in yellow color in the map below. The schools near the two residential streets are Hedrick Elementary School, Hedrick Middle School, Founders Academy of Lewisville and Lillie J. Jackson Elementary School. But Palisades Drive and Woodrow Drive are far from these Schools and there is no school zone on Valley Parkway. It is not known what previous school zones these entries were related to. They appear not to be needed. It is to be noted that there is no school zone signage on these two residential streets.

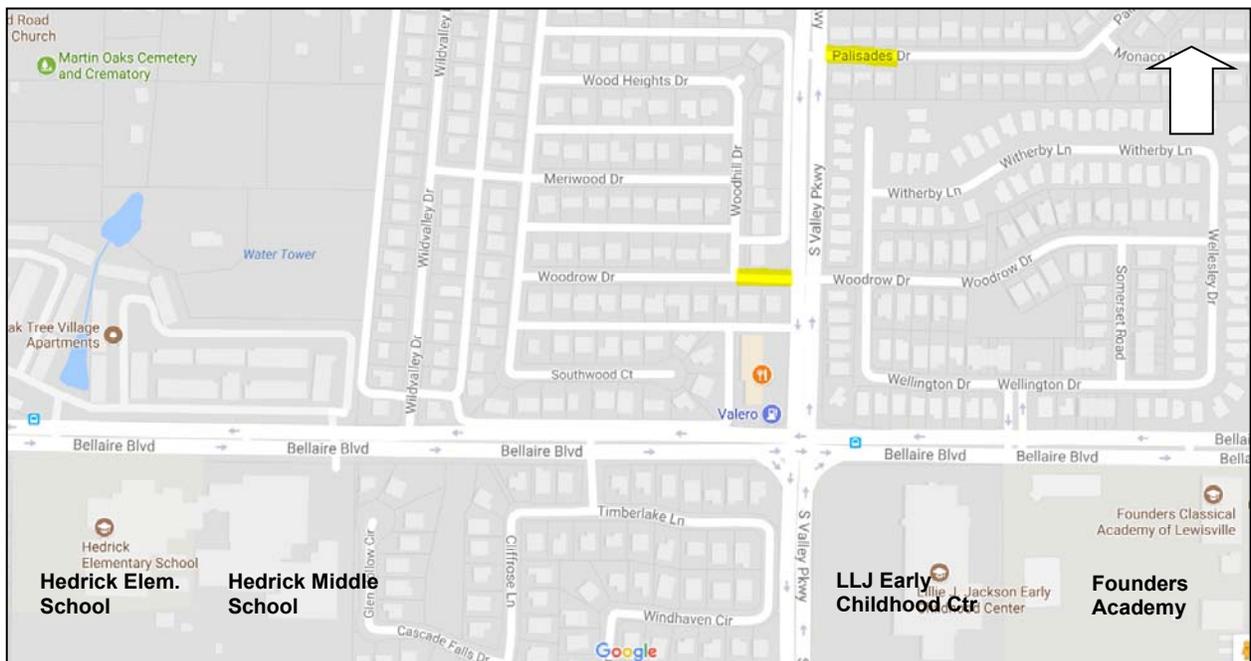

Figure: Map showing school speed zones on Woodrow Dr and Palisades Dr.

The school speed zone timing changes reflect the new school hours established by the LISD and the School Board and will enhance the safety of the students attending school within the City of Lewisville.

Recommendation:

Staff requests that the Transportation Board approve the recommendation to the City Council to amend the existing ordinance establishing new times of operation for the school speed zones within the City of Lewisville.
