

## City of Lewisville Low Flow Showerhead Credit Guidelines & Instructions

Standard showerheads use 2.5 gallons of water per minute. Water-saving showerheads reduce water usage by reducing the gallons per minute used. To be considered eligible for this credit the showerheads must use 1.75 gallons per minute or less.

### General Guidelines:

- Program applicant must be a water customer of the City of Lewisville in good standing.
- This program is not for multi-family or commercial water customers.
- The City does not endorse specific brands, nor is responsible for the performance or repair of the new showerheads.
- Funding for each fiscal year runs from October 1 through September 30. A dated and itemized sales receipt must be submitted with the application within sixty (60) calendar days of purchase and installation and postmarked no later than September 15.
- Program terms and conditions are subject to change without prior notification.
- A maximum of \$375 in credits for any combination of eligible water conservation improvements are available per single-family residential address in one fiscal year.

### Specific Guidelines:

- Up to a \$30 credit for qualifying showerheads. **Tax is not included.**
- Limit of three (3) showerheads for the lifetime of the residence. Multiple showerheads may be replaced in the same year, but the maximum credit for replacement is \$30 (i.e. if you install two qualifying showerheads and their total cost is more than \$30, your bill will be credited a maximum of \$30).
- Must be WaterSense certified. Products can be found at: [epa.gov/watersense](http://epa.gov/watersense) (right click to open in new tab).
- Showerheads being purchased must use 1.75 gallons per minute (gpm) or less.
- Applicant is responsible for new showerhead installation and disposal of old showerhead(s).

### Showerhead Credit Instructions

- 1) Select qualifying showerhead(s) from product search website (see above).
- 2) Purchase qualifying showerhead(s) (preferably from a Lewisville retailer).
- 3) Install qualifying showerhead(s) and dispose of old showerhead(s).
- 4) Submit an application with supporting documentation enclosed (see below).

Enclose the following documents with your application and submit to:

Neighborhood Services – Office of Sustainability  
Attention: Showerhead Credit  
P.O. Box 299002  
Lewisville, TX 75029-9002

- Copy of original invoice or sales receipt showing date and place of sale
- Copy of the original proof of purchase with complete barcode.

Please retain a copy of all material submitted for your records. The City of Lewisville is not responsible for materials lost by mail.

\*\*Qualifying showerhead(s) must be WaterSense certified: [epa.gov/watersense](http://epa.gov/watersense)

I have read, understand, and agree to the following:

- I understand that my old high-water use showerhead must be disposed of in accordance with all laws.
- I understand when my application is processed a representative from the City of Lewisville may contact me to verify the installation of my new low flow showerhead before my credit is issued.
- In accepting this credit, I acknowledge that the City of Lewisville is in no way responsible for the condition of the plumbing on my side of the meter, now or in the future.
- I understand that qualifying items are selected on the basis of water efficiency only. The City of Lewisville does not endorse specific brands, products, or dealers nor does it guarantee materials, workmanship, performance, or durability of the qualifying items.
- Once processing is complete and the credit is approved, a corresponding credit will appear on my utility bill.
- I understand that the City reserves the right to change program eligibility or end the program at any time without notice.
- I certify that the information on this application is true and correct to the best of my knowledge.
