If you are interested in making Denton County a better place to live, please contact me at my home on Uecker Lane, off Round Grove Road any night after 6:00 P.M. or write Edward C. Polster, Route 1, Lewisville, Texas. Also talk to your church pastor. I will be contacting all church ministers in the area shortly. Please help me. Together we can turn the tide, individually our pleas will fall on deaf ears. Try to contact an interested friend and let's get them interested in our efforts.

At this time, I am trying to get names and addresses of people interested in participating in a county wide drive. Please send your name and address to my home address if you can participate in this effort. I am personally paying for all printed material. It is my hope to enlist the aid of Denton County people to form an effective force to prove to office holders Denton County Voters, will not tolerate a repeat performance of "THE LEWISVILLE LABOR DAY FREAK OUT".

Please ... help me now, while we still have time. The people who are responsible for a lot of our troubles in America know Americans tend to forgive and forget easily.

Let's prove to all the gangsters, mobsters, drug peddlers, smut peddlers, "Fast Buck Promoters", American Society Dropouts, Hog Farm Pigs and most of all OUR YOUNG that we in DENTON COUNTY WILL NOT TOLERATE LAWLESSNESS and that come HELL OR HIGH WATER IN THE NAME OF GOD AND COUNTRY, WE WANT OUR LOCAL AND STATE POLICE TO ENFORCE THE LAW. Please don't throw this away. Think of all our good looking little kids that will never have a chance if we don't "GET SMART".
