

CITY OF LEWISVILLE SPECIFICATIONS FOR WATER METER BOXES

It is the intent of these specifications to describe the minimum requirements for water meter boxes. Each box will include lid and be ready for installation. All parts not specifically mentioned which form a part of the complete unit shall conform design, strength, quality of material, and workmanship to the highest standards of engineering practice. Meter boxes shall be manufactured by Brooks or DFW Plastics.

All residential and commercial meter boxes for 3/4" through 2" meters (plastic meter boxes): 3/4" & 1" Model DFW37C-SBSM and 1 1/2" & 2" Model DFW65C-SBSM shall be used and placed in. (Flower beds, grassy areas, etc.)

If meters are in areas where it is necessary to put them in concrete and asphalt (example: "Shopping Centers") then the following meter boxes shall be used:

Brooks Concrete Boxes Model #36T Box w/Cast Iron Lid 10.5" x 17.25" with 2" Pitt Pad predrilled holes for "3/4" meters only".

Brooks Concrete Boxes Model #65TFW Concrete box w/steel cover 17" x 28" w/reader lid and 2" AMR Sensor hole for "1" through 2" meters only.
